Simply the finest materials and conveniences, combined artistically and tastefully, are used in San Antonio Resort-Village's overall beachfront property development. San Antonio homes will have the ultimate rental potential in Roxas City. This website was created to help rent homes for absent homeowners, and the administrative staff will manage all rentals and all necessary tasks for each homeowner. Homeowners will be secure in the knowledge that San Antonio

Resort Village has a closed-circuit camera network as well as 24-hour security, both at the beach, the reception area and the village entrance. And, if the heat gets to you from time to time, San Antonio Resort-Village of Roxas City, Capiz is perfectly situated near the beach to be up to 8 degrees cooler than its neighboring areas and villages because of an ocean-fresh atmosphere.

San Antonio Village represents a heightened level of oceanfront living in Roxas City, Capiz. Footsteps from a secluded beach that is as serene as it is beautiful, this is a coveted private retreat defined by superlative dining at San Antonio Resort, amenities designed with your relaxation in mind and the attentive services of a signature seascape resort. The San Antonio Beach Resort which is a free amenity to all San Antonio Village residents will feature a relaxing 26,000 square foot spa with 30 treatment rooms, complete fitness center, a series of pools with cascading water, and a restaurant. The design of the spa will attempt to balance the modernity of the building with the natural beauty of the surrounding Baybay beach.

This new community borders the Baybay bay area, one of Roxas City's seaside treasures, and boasts scenic beachwalk trails, boardwalks through the beach side area and the opportunity to observe the wonders of nature from your backyard.

In all its natural oceanic beauty, San Antonio Resort Village is just a short bike ride to area amenities such as several nearby shopping complexes, arenas, and the public beach or take a short drive to Gaisano mall or Nesta's fine dining.

A large on-site park and artificial lake to the side of the development make San Antonio Resort Village a nature-lover's dream. In addition, projected transit access close by means residents will have environmentally friendly transportation to the rest of the city.

When you consider Roxas City tropical real estate, nothing compares to San Antonio Resort Village. Whether you are exploring a luxury destination club in Roxas City, or other ownership opportunities, you'll find building a vacation residence at San Antonio Resort-Village would best match your seaside lifestyle. San Antonio will be defined by highly personalized service that includes a residential concierge who will make owning San Antonio Resort Village real estate all the more rewarding. Raising the standards for oceanfront properties and luxury destination clubs in the city of Roxas, each residence will feature an elegant décor, attention to detail, and discernable quality. The San Antonio Home community, located just seconds away from San Antonio Beach Resort, will be a family-oriented place that will include a private water park, swimming pools, a lazy river, tennis and badminton courts, hiking, jogging and biking trails, and a large community garden. The community will measure a total of 2,593 acres, and will be located just north of San Antonio Beach Resort. In addition to the building of the actual community, construction is also underway for a LakeView Parkway to serve the completed area.

A growing challenge for present and future designers of the built world involves re-considering the benefits of integrating, revealing, and re-presenting the presence and use of local natural systems and cycles into designs for the purpose of mending the physical and perceptual separations between economically thriving urban cultures and ubiquitous natural systems.

Tucked into a protected cove right along the shore, San Antonio's site is enviable and the views of the Sea of Baybay and Pan-ay sweeping. An enclave of magnificently crafted whole ownership properties as well as a luxury destination club in Brgy. Baybay Roxas City, San Antonio is South East Asia's first Tourist Signature Resort.

See for yourself the development that will soon be recognized as Roxas City's most beautiful and upscale residential beachfront property.

San Antonio Resort Village of Roxas City is expected to tremendously grow in the next several years. The demand for a highly-modernized Roxas City and the influx of business establishments, administrative space and retail opportunities continues at an aggressive pace today. In conjunction with the Real Estate Master Plan developed by a Target Industry Study (TIS). The TIS helps to facilitate the development of facilities and properties near the airport and Baybay beach. Industries that are likely to relocate, expand or develop at San Antonio's vicinity are targeted by AncorDevCor. Typical retail business are sought such as malls, boutiques and bars, however other related enterprises and industries are also targeted by San Antonio. Businesses such as resort-related, educational, research, experimentation and development, recreation, market/shopping companies are core industries in the region and are desired at San Antonio.
